

Corne layout reference

JonnyLeeHJ/zmk-config, main. Grey keys fall through to the layer below.

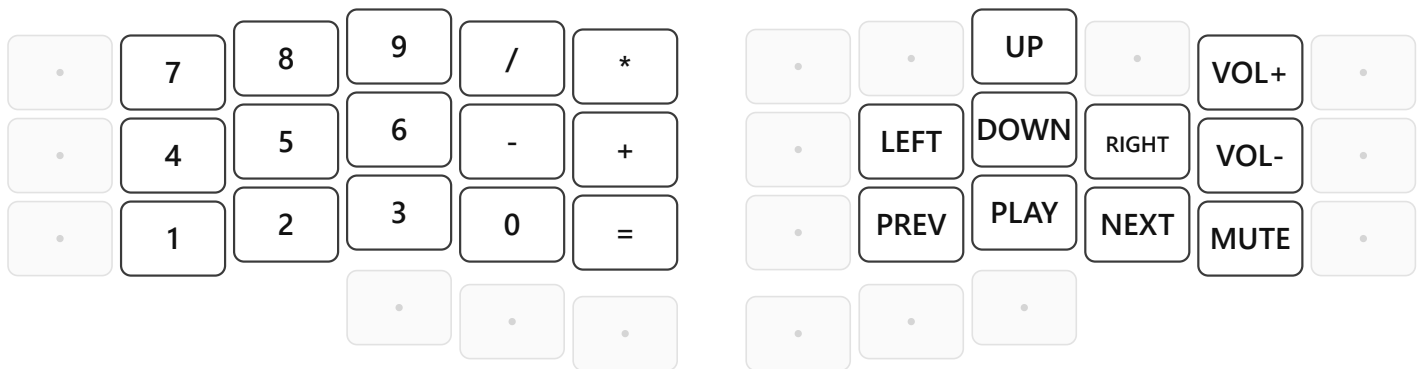

Base no key held

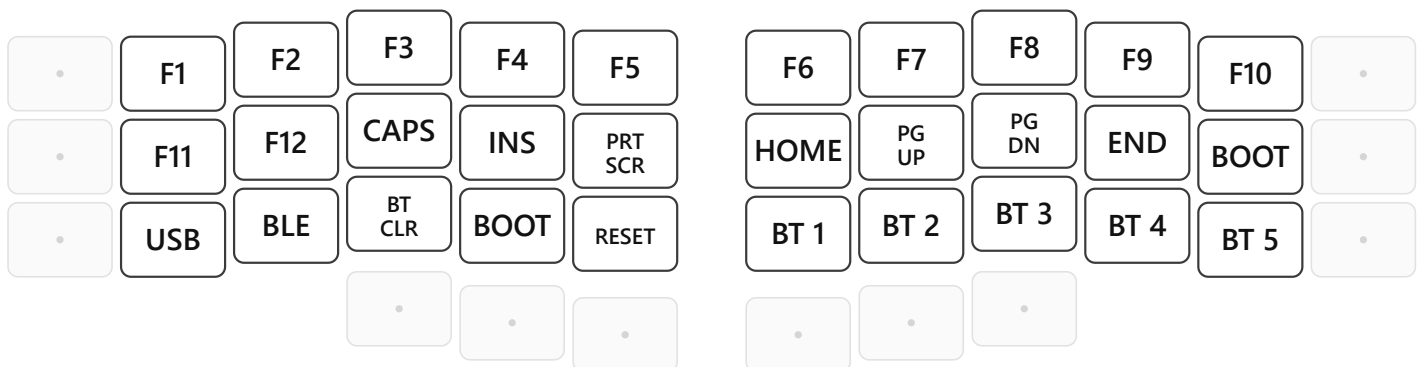

Lower hold left outer thumb

Raise hold bottom right outer key

Adjust hold Lower and Raise together

Tap Tab / hold 200ms for Ctrl. J and K are plain letters. Alt = Option on Mac. Lower + Alt = Caps Word.
Only the Base layer is printed on the keycaps. Caps word capitalises until a space, and underscores do not break it.
